

School Annual Education Report (AER) Cover Letter

February 15, 2022

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2020-21 educational progress for Ionia Middle School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Ionia Middle School Principal, Clair Rowland for assistance at (616)527-0040.

The AER is available for you to review electronically by visiting this [link](#).

For the 2020-21 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Ionia Middle School was not given any of the above labels.

One of the key challenges for Ionia Middle School, as evidenced by the data contained in this report, is to continue to accelerate the growth of our students that are scoring in the bottom 30% of their peers. As a school, we significantly decreased the gap between Ionia Middle School students and the nationally normed scores on the NWEA Assessment. We will continue to look at our Tier 1 and Tier II interventions to ensure that we are meeting all students' academic needs on a daily basis

State law requires that we also report additional information.

PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Ionia Middle School houses students in grades 6-8. Five district elementary buildings graduate a number of fifth grade sections into our building each year. All students attending our school reside within the Ionia Public Schools district boundaries, or they attend through the Schools of Choice program if they are non-Ionia residents, including any special needs students in various categories.

IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

Curriculum development at Ionia Public Schools is a process that requires a large commitment from the teachers and administrators involved. These stakeholders must accept the responsibility for interpreting and aligning the Michigan Standards. They are developing or have developed learning targets from these standards, preparing example units and lesson plans, researching, and recommending materials. As curriculum documents are developed, they are placed onto the district website in order for all staff to access these documents electronically for review and use in the classroom.

The district continues to make a commitment to the process of Assessment FOR Learning. The research that supports this process shows that the achievement of all students increases. In addition, the research shows that the greatest gains are in at-risk students. The district has made a commitment to continuing to expect high achievement for all while closing the existing achievement gaps.

We continue to emphasize reading at all levels. Data shows that the skills of our students are increasing systematically. We have an intensive reading course for our most at-risk student readers.

This student schedule allows for additional teaching in the core curriculum. In addition, the current scheduling format has intentional opportunities for remediation and acceleration.

Academic success is of vital importance at Ionia Public Schools. Through continuous reflection and professional development, our teachers work to improve learning for all students.

I would like to congratulate the many hard working students, staff, and parents of Ionia Middle School. It takes hard work, motivation, and a willingness to achieve beyond the average to prepare our students for success in the next leg of their educational journeys. With the continued collaboration of our staff and the ongoing communication with our parents and community stakeholders, we hope to assist our students each year in achieving our educational goals

Sincerely,

Clair Rowland, Principal
