August 23, 2018

The Ionia Public Schools Food Service Department is pleased to announce the following information for the 2018-2019 school year:

Several IPS school buildings qualify for a program called Community Eligibility Provision (CEP). The CEP program enables buildings to provide free meals to all students in the building based upon the overall free and reduced percentage. Lunches served in CEP buildings are FREE for all students. Students located in non-CEP buildings will still be eligible for free or reduced meals based upon the 2018-19 Household application for Free and Reduced Price School Meals ([www.lunchapp.com](http://www.lunchapp.com)). The following buildings are CEP for the 2018-2019 school year:

- Boyce Elementary
- Emerson Elementary
- Jefferson Elementary
- Rather Elementary
- Twin Rivers Elementary
- Welch High School

The cost for a milk only purchase is still \$0.35.

Breakfast continues to be offered FREE to students in all buildings through the Universal Breakfast Program.

NOTE: The 2018-19 Household Application for Free and Reduced Price School Meals has been sent to all families home addresses. While these forms are not required in order for students in CEP buildings to receive free meals, we strongly encourage families to complete and return the application. This information increases our eligibility for certain grant funds. The application is also available at [www.lunchapp.com](http://www.lunchapp.com).

**2018-19 Meal Prices:**

School Name	Breakfast Price		Lunch Price	
	Reduced	Full	Reduced	Full
Ionia High School	\$0.00	\$0.00	\$0.40	\$2.55
